

DEDICATION

To Senthilnathan Gnanasekaran

&

To those who practice safety for sustainability

&

*To those who lost their mighty lives in accidents and
disasters*

*“A basic principle of system theory is that no control system will perform better than
its measuring channel.”*

Nancy G Leveson, 2012

*Accidents, and particularly street and highway accidents, do not happen - they
are caused.*

Ernest Greenwood, 1924
