S. No.	Define the following:	Marks	CO
Q 1	Polygraph Test	2	CO1
Q 2	Intrinsic Motivation	2	CO1
Q 3	Major v/s Minor Discrimination	2	CO1
Q 4	ABC Model	2	CO1
Q 5	Group Polarisation	2	CO1
SECTION B			
Q 6	Discuss the difference between competence and insanity defense. How is it applied in Indian judicial system?	10	CO2
Q 7	Explain the personality dynamics of a potential terrorist.	10	CO3
SECTION-C			
Q 8	Comment on any two situational leadership models.	10	CO1
Q 9	What are the common characteristics of domestic violence victims? How can this be used to design a rehabilitation program?	10	CO4
SECTION-D			
Q 10	In a globalized context, exclusion is no longer a viable strategy. It won't work for corporations or society at large. What changes can be made to make our policies more inclusive and how can we achieve the goal of diversity management. Explain with the help of an example.	20	CO4
Q 11	Criminal justice system is dependent on the unbiased nature of the judge and the jury. However, being human also makes us susceptible to various cognitive biases. With the help of examples, explain how judicial decision making can be influenced by cognitive biases. Suggest some ways to overcome these biases.	15	CO2

Q 12	Prison system was designed to rehabilitate the offender. In way, it was supposed to work like a hospital treating crime (as a form of disease). However, reports on health of prisoner indicate other trends for their health. Critically appraise the impact of incarceration on inmates' health.	15	CO3
